- **Develop Fast Reading Skills-**

The OET reading **Part A** lasts for the duration of **15 minutes**. The candidates are required **to read 3-4 long passages** in this predetermined time. In order to complete the test on time, you must develop fast reading, fast thinking and comprehension skills for this section. We understand that reading multiple passages can be annoying, therefore, build up fast interpretation skills to recognize and complete the test on time.

- **Be Careful with Spelling–**

Spelling and grammatical errors can lower down your OET test score. Therefore, you must take care of spelling and grammatical mistakes while attempting the OET reading sub-test. You can spare some time at the end for checking spelling mistakes. If your answers are spelled incorrectly, they will be marked wrong.

- **Make a guess and move on**

We recommend not to waste time on questions you are not sure about. In this time, you can attempt the questions you are sure about. If you are confused about some question, go through the passage and remove the ones which do not match. Using this strategy, you can arrive automatically at the right answer.

^^
